

CONTAINER PARK STORAGE

BIKE SAFE MOTORCYCLE STORAGE

Container parks has continually developed & thrived on park improvements. Especially for Bikesafe motorcycle storage with our new, high security, triple-padlock system.

1. A new improved, heavy duty triple padlock system for high security and protection.
2. Unique, heavy duty, anti-theft chain complete with Oxford monster lock. The chain is 1 metre long & has a cloth sheath which prevents paintwork being damaged, and is more flexible than plastic coating making it easier to thread and lock through your bike. This monster lock & chain was recommended in a Ride product test and is approved by the security testing people at Thatchams.
3. Ultra protection from anti-drill padlocks. Immovable when correctly chained
4. 1 x Shelf & 2 x clothes hooks for helmet & protective clothing storage.
5. Heavy duty bike access ramp with 5-bar, anti-slip aluminium plating.
6. Aluminium 5-bar plating on flooring.
7. Double padlock system on door entry.
8. 5ft container will store up to 2 x bikes whether they are road, motocross, trials, trail or enduro bikes. Also quads & go-karts can be accommodated.
9. Container Parks can also offer 10ft, 20ft, 30ft & 40ft containers fitted with electrical supplies for full workshop facilities.
10. Secure car parking is available for you to come to your storage facility to park your car, put your bike gear on and go for a run on your bike whether it be one dry or sunny night during the week or weekends. It can be 7 days a week, the choice is yours.
11. We have a 24 Hour, 9 x camera surveillance system protecting & monitoring your property at all times.

VERDICT: Thieves can look elsewhere **Tel: 0141-881-5429**
